Introducing prepaid toll at the Rainbow and Lewiston Queenston Bridges with ExpressPass

Toll payments prepaid using ExpressPass or your NEXUS card make crossing quick and easy and saves you money. If you have excess tokens they will continue to be accepted as payment. ExpressPass is for use by passenger autos only.

How to get ExpressPass :

1. Visit any manned tollbooth at Rainbow or Lewiston-Queenston Bridges and request an ExpressPass card.
2. There will be a \$10 refundable deposit required on the initial purchase. The ExpressPass card is reusable and should not be discarded.
3. When you purchase ExpressPass , a minimum payment of \$20 must be put onto the card. The \$10 deposit will be deducted from this amount. Future replenishments can be as little as \$5.00.
4. You will be asked to select U.S. or Canadian currency. Once a currency is selected, you must continue to use that selection for future replenishments.
5. You will be given a hangtag for your rearview mirror. Your ExpressPass card should be secured in the hangtag and hung from your mirror only when you are approaching the toll lane. Hang tags should be removed from the mirror after you proceed through the lane so as to not restrict your view.
6. You will be given a receipt for this transaction for your records. The receipt contains your card number in the event that you lose your card.
7. Vehicles equipped with special windshields that contain metal in the glass (metal oxide) will prevent the ExpressPass tag from being read properly. Windshields with solar ray glass, solar tint, heated or heat reflective windshields, and insulated or Insta-Clear glass may also prevent the ExpressPass tag from being read properly. See our website for a list of vehicles with the metal oxide windshields.

Discounted rates

The ExpressPass rate is discounted at 15% off the full fare. This rate is for passenger autos only. This rate subject to change with 15 days notice.

Using your ExpressPass card at Rainbow and Lewiston-Queenston Bridges

Make sure your ExpressPass is in the holder and hung from your rearview mirror. As you proceed through the toll lane, your card will be read by the overhead reader. Your ExpressPass account balance will be checked and the toll charge will be deducted from your account. A successful operation will be signaled by a green light, a "ETC PAID" message on the patron fare indicator and the gate will open. You are then cleared to proceed.

Other messages you will encounter.

If your account balance is reduced to less than a full fare you will receive a "Low Balance" message and the traffic light will be yellow. You will still be allowed to cross. When you replenish your account any shortage will be deducted from the amount you add to your card balance.

Patron Fare Message	Indicates Account Balance is:	Traffic Light	Gate	Action Required
ETC PAID	Greater than or equal to 3 fares	Green	Gate Up	No Action Required
Low Balance	Less than 3 fares	Yellow	Gate Up	Account needs replenishing
Insufficient Funds	Less than zero	Red	Gate stays down / crossing denied	Account must be replenished

Replenishing your ExpressPass

If you see "ETC PAID" when presenting your ExpressPass card, you have an adequate balance to pay the toll. When you receive a "Low Balance" message, you have approximately 3 more trips with your current account balance before passage will be denied. If your message is "Insufficient Funds" you must go to any open manned lane at Rainbow or Lewiston-Queenston Bridge and place additional funds on your account. You can replenish with as little as \$5.00. Only the currency (U.S./CDN) selected at time of enrollment can be used. You will be given a receipt for the transaction for your records. The receipt contains your card number in the event that you lose your card.
